

This book changed my life! Classic Christianity gave me a new and real perspective of who God is, and how He sees me. Because of this book, I no longer see God as someone sitting up in heaven with a wooden spoon, waiting for me to mess up so that He can bop me on the head. Instead, I see Him as God, full of grace and mercy, who loves me so much that He can't wait to spend time with me! I highly recommend this book!
